OPENING: Fri., 11.21 • 6 - 9 pm with spontaneous sound performances by artists Ash Lusk & Jared Freihoefer
EXHIBIT THROUGH: 01.25.2009

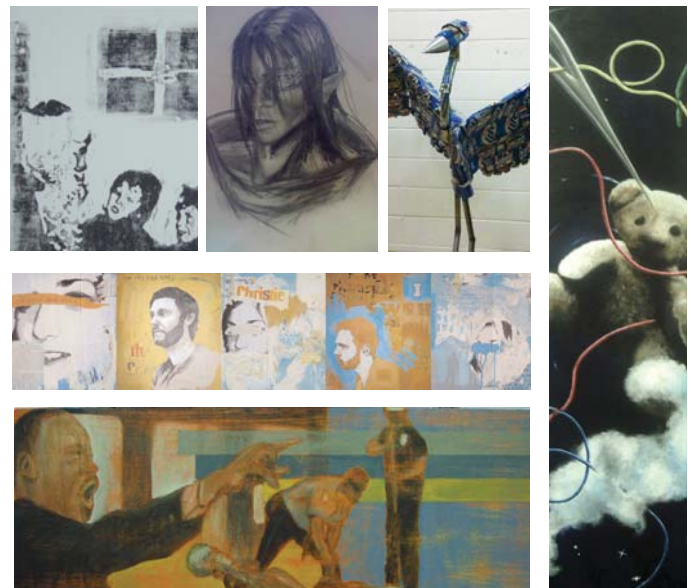

The art exhibition WISH LIST does not address the diamond rings, perfect smiles, or shiny Hummers that Santa Claus stuffs down the chimneys of the world. Instead, it deals with the very personal wishes and concerns of young artists whose eyes are wide open on their journeys – and not only during the holiday season. These works of painting, printing, drawing, installation and photography compel the viewer's contemplation, using humor and irony to describe what they really want (or don't want) for Christmas.

WISH LIST is a collaboration with the students and graduates of the Art Department of **Tennessee State University**.
